PROFESSIONAL SUMMARY

Bachelor's graduate (BS, Computer Science) from Full Sail University with over 3 years of experience specializing in front-end development, maintaining databases for dynamic web applications, and ensuring seamless interactions between front-end and back-end systems.

WORK EXPERIENCE

Software Developer, MasterTapp   *Apr 2017 – May 2021*
- Built core gameplay loops and designed systems to improve user experience. Managed project structure, created assets, and developed C# scripts that allowed for scalable systems and better team productivity.
- Technologies used: C#, Unity, SteamWorks, Adobe Suite, Visual Studio

PROJECTS

Swiftshop   *Jul 2023 – Nov 2023*
- E-commerce capstone project hosted on Netlify that handles consumer data and authentication through firebase, browse various store selections, and continue to checkout with Stripe payment.
- Technologies used: React, Firebase, Node.js, Netlify, Stripe, Bootstrap CSS

Playify   *Apr 2023*
- Using the Spotify API, this application allows users to authenticate into their personal Spotify accounts and get enhanced insight on their listening habits.
- Technologies used: React, Bootstrap CSS, Spotify API, Express, Heroku

Saighead   *Nov 2019 – Apr 2021*
- In a team of two, built a video game with over one-hundred levels that had various game systems that tested users' abilities, allowed purchases through Steamworks and utilizes a database to hold user information.
- Technologies used: C#, Unity, SteamWorks, Adobe Suite

EDUCATION

Bachelor of Science - BS, Computer Science, Full Sail University   *Aug 2021 – Nov 2023*
- Focus Areas: Software Engineering, Functional Programming, Software Integration
- GPA: 3.2

General Studies - Associates, Oklahoma City Community College   *Aug 2015 – May 2017*
- Presidential Honor Roll 2016
- GPA: 3.5

SKILLS

Languages: JavaScript, React, Redux, SQL, Python, C#, HTML, CSS
Technologies: Node.js, Express, Firebase, Git, Heroku, Netlify, Jira, Visual Studio

OTHER

- Certified ScrumMaster®, Adobe Illustrator, Microsoft Office
